**CENTER CLUB.**—The Democrats of this township, and of the corporation particularly, are requested to attend the club meeting, at the club room to-night as a corporation ticket is to be nominated and a general turn out is desired.

The meeting is to be addressed by Mr. ADOLPH MYERS, and others if the time will permit. There will also be music by the band, if possible, at an earlier hour than heretofore on similar occasions. Whether the music is on hand or not, we recommend to the members of the club to convene early and get to business.

The following we clip from the Holmes county (O.) Farmer, and commend it to the consideration of our patrons:

"LOCAL NEWSPAPER.—The Local Newspaper should be encouraged by every member of the community in which it is printed. All should aim to strengthen and improve it by their contribution in cash, local items, and everything else which can insure its property or promote its usefulness. Bring in your names, take every occasion to furnish for its columns such items of local news as you think would be acceptable, and find your reward in your own improved interests, which are always to a greater or less extent connected with a healthy well-conducted newspaper. By sustaining home industry and enterprise, you promote the business prosperity of your respective localities.

"The State ticket has issued a draft upon Marshall calling for 250 Republican majority."—*Republican.*

It is our opinion that this draft will not be honored, neither did the writer of it think it would be. If they get a majority at all they may "thank their stars." "Nay," draft of this kind can honor from this county. It is well enough to blow some, but this is clearly overdoing the thing, as our neighbor will be compelled to admit. If these are the figures they are making for carrying Indiana, they will find out that they have started wrong and that they will "come out at the small end of the horn," as usual.

Borrowing.—Some of our Republican friends are in the habit of borrowing the Democrat from our Democratic subscribers. We hope they read them carefully and that they may finally have it to say that it was good for them to read. The subscription to the Democrat is very reasonable, \$1.50 per year. Our Republican friends are referred to the terms on the outside of the paper—would be pleased to receive their names as it will be cheaper for them, more pleasant to their neighbors and more profitable for us. This borrowing arrangement is swindle on the printer, and if a paper is worth reading it is worth paying for.

**RICHMOND MILLS.**—The advertisement of Messrs. Richmond, Wilber & Co. appears in this issue. The proprietors of this mill are doing a large business, in the way of buying grain, converting it into flour, selling it and buying groceries which they sell at very low figures. Their flour is said to be of a superior quality. This is evidenced by the amount they sell for home consumption. Give them a call at their store one door north of Brownlee's store.

The excitement just now about the Charles Convention and the fight between Henan and Sayers does not seem to divert the public mind from the great resort of dissipation. The Bazar of Rice & Smith is daily crowded with persons eager to make their spring selections of habit from their mammoth stock. It will be seen by reference to our advertising columns that they have now one of the most complete assortments of everything in their line ever brought to this county. Look to your interest and give them a call.

**TOUCHY.**—We have no very exalted opinion of the intellectuality of the young gentleman who attends to the business of the Clerks office, but feel confident that he understands what we meant when we spoke of his pocketing \$20 for looking over Mr. Packard's record. Whether the editor of the *Republican* succeeds in getting it through his pate or not, is a matter about which we feel but very little concern.

**HE DID.**—Colfax did vote for what the Tribune says was a "strong anti-slavery resolution," and this is what any unprejudiced reader will say when he reads it. If our neighbor desires it we will give the preamble and resolution. Greely called it anti-slavery because he liked it and is more candid than our neighbor.

**ADOLPH MYERS.** has just received a variety of articles of a superior quality which he advertises in this weeks paper. Myers is a good fellow and will do the fair thing with those who may call on him; he keeps a variety of the best of cutlery in addition to his stock of jewelry, notions etc. Call and examine some of the finest spoons, knives and forks you have ever seen in this place.

**PLANTS AND SEEDS.**—S. B. CORRALEY advertises that he has a fine lot of sugar cane seed for sale now, at the places he designates, also, that he will soon have a large supply of sweet potato plants of the best quality and well adapted to our soil. For further particulars see advertisement.

**STARK COUNTY.**—The communication received from our Stark county correspondent came too late for this issue. It will appear in our next.

The Protection Hook and Ladder Co. No. 1, will parade Wednesday, May 9, 1860, at 4 o'clock P. M. Members are requested to attend.

T. J. PATTERSON, Foreman. A. JOHNSON, Sec'y.
